    - SKITTLES® Original and SKITTLES® Shriekers Chewy Halloween Candy

Optional:

- 12” Bowl/Plate
- Green pipe cleaners

Instructions:

1. 1. Pile 10 pieces of orange tissue paper together.
2. 2. Trace a 12" circle on top of the tissue paper (We suggest a 12” bowl or plate but feel free to use any household item to make tracing easier) This will be the base of your tissue paper pumpkins.
3. 3. Cut out the traced circles from the tissue paper stack.
4. 4. Layer two tissue paper circles on top of each other and place two to three fun size TWIX, SNICKERS, SKITTLES, and/or M&M’S in the center of the tissue paper circle.
5. 5. Gather the edges of the tissue paper up around the Halloween candy, forming a pouch, and twist the excess tissue paper at the top to secure it.
6. 6. Use the green floral tape to wrap and secure the top of the tissue paper pumpkin. To take your DIY to the next level, use green pipe cleaners and wrap them around your tapped stem for an extra eerie stem!
7. 7. Repeat the steps for the remaining treats, creating as many tissue paper pumpkin favors as desired!

Once completed, you can display the pumpkin favors on a Halloween Party platter or place them in a Halloween Candy bowl to delight your guests.
